

Scientific program of Arrhythmia course , Pacing & ICD Course

Date 28–29–30 June and 1 July ,2010

Faculty:

Thabet Alsheikh, MD

Ayman Mortada, MD

Donna Cummings, Technical Field Engineer, Medtronic

Ziad Dahr, Senior Clinical Specialist, Medtronic

Arrhythmia Course, June 28th

“From ECG to EP”

09:00am - 09:30am :	EP study & intracardiac recording: The basics
09:30am - 10:00am :	AVNRT/AVRT: ECG and intracardiac recording
10:00am - 10:30am :	Atrial tachycardia/flutter/fibrillation: ECG and intracardiac recording
10:30am - 11:00am :	VT in Absence of Structural Heart Disease: Diagnosis & Management
11:00am - 11:20am :	Coffee Break
11:20am - 11:40am :	Hemodynamics of Arrhythmia
11:40am - 12:30pm :	Late-Breaking Clinical Trials. From the 31 st annual scientific session Heart Rhythm Society May, 2010
12:30pm - 01:30pm :	Lunch Break
01:30pm - 02:00pm :	Atrial Fibrillation in 2010: An Update
02:00pm - 02:30pm :	Antiarrhythmics: Old and New. What you need to know.
03:00pm - 03:20pm :	Coffee Break
03:20pm - 04:00pm :	Neurocardiogenic Syncope, POTS and Dysautonomia
04:00pm - 05:00pm :	Interesting ECG Tracings, with focus on genetic arrhythmia syndromes
05:00 pm :	Adjourn

Pacing & ICD Course

Day 1, June 29th

09:00am - 09:15am :	History of Pacing
09:15am - 09:45am :	Indications for Pacing
09:45am - 11:00am :	Basic Pacing Concepts, Pacing Leads, Pacing Modes
11:00am - 11:20am :	Coffee Break
11:20am - 11:40pm :	Implantation Techniques
11:40pm - 12:00pm :	PM Radiology
12:00pm - 12:30pm :	PM Complications
12:30pm - 01:30pm :	Lunch Break
01:30pm - 03:00pm :	PM Timing part I
03:00pm - 03:30pm :	Device Infection: Prevention, Diagnosis, and Management
03:30pm - 03:50pm :	Coffee Break
03:50pm - 05:00pm :	Tracings, Trouble-Shooting, Simulator

Day 2, June 30

09:00am - 10:30am :	PM Timing part II
10:30am - 01:00am :	Cardiac Resynchronization Therapy (CRT): Accepted and controversial indications
11:00am - 11:20am :	Coffee Break
11:20am - 12:30pm :	Live Implant
12:30pm - 01:30pm :	Lunch Break
01:30pm - 02:30pm :	Pacemaker Patient Follow-up/TTM
02:30pm - 03:00pm :	<u>Biv</u> Timing Optimization
03:00pm - 03:30pm :	Tracings, Trouble-Shooting, Simulator DC/all
03:30pm - 03:50pm :	Coffee Break
03:50pm - 04:20pm :	ICD Trials: Review and Update
04:20pm - 05:00pm :	Introduction to Basic ICD Concepts

ICD Course, July 1

09:00am - 09:30am :	Basic ICD Concepts
09:30am - 10:15am :	ICD Automated Functions and Pain-Free Therapies
10:15am - 10:45am :	Optimization of ICD Programming
10:45am - 11:00am :	ICD and PM: New Advances in 2010
11:00am - 11:20am :	Coffee Break
11:20am - 12:30pm :	Live Implant
12:30pm - 01:30pm :	Lunch Break
01:30pm - 02:15pm :	ICD Trouble Shooting, Tracings, Simulator
02:15pm - 02:30pm :	Break
02:30pm - 05:30pm :	PM/ICD Final EXAM
